# La Maison de l'Habitat Grand Chambord Beauce Val de Loire

- **The context** : multiple interlocutors (administrative, NGOs, private sectors etc ...) for people who have problems with their house
- **Consequence** : People become resigned and let the situation worsen
- **Solution** : create a structure that unites every organization and establishes connections with administrative, NGOs and private sectors.

# La Maison de l'Habitat Grand Chambord Beauce Val de Loire

## ➤ **The ambition : simplify the process**

- ✓ A unique communication (one number, one web site ...)
- ✓ A service for everyone who wants to come and to live better in their house, whatever the project.
- ✓ Answers in every questions about their house : technical, financial, reglementary ...
- ✓ Linking beetween the NGO, the profesionnal fields, to have a common culture

## ➤ **The goal : proposing an attractive quality housing park**

## ➤ **The value of the project :**

- ✓ Bringing a public service to provide assistance for the residents to escape of the energy poverty situation, in all the fields that they need (technical, financial, legal, urbanistic ...)
- ✓ Providing a financial subsidies to residents to help them overcome the energy poverty situation
- ✓ Offering a local service with an interlocutor and all partners, with regular presence throughout the territory to reach out to the people who need our help.

# Statistics of those who have benefited from assistance

**676 TepCO<sup>2</sup> saved,** equivalent to approximately **7,66 million Km** per year with a compact car

**1 € invested** against energy poverty  
=  
**10 € in the local economy**

**1 942 MWh saved**

*Thank you for your  
attention*
