Technical assistance in València: what's next?

**CoolTuraTE Training and Empowerment of local actors to tackle
Summer energy poverty in València city**

**Corentin Girard, Valencia Clima I Energia Fundacion, Valencia City
Council**

EPAH Technical Assistance

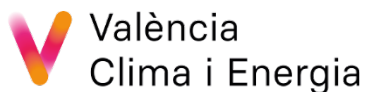

Coolturate

Training and Empowerment of local actors
to tackle summer fuel poverty in the city of Valencia

- Training **over 30 local stakeholders** on heat adaptation and summer energy poverty
- **2 options:**
 - Individual scale and household actions
 - Neighbourhood scale and community interventions
- Collaboration with **UPM, AEIOLuz and Cáritas Diocesana**

European
Commission

EU
Energy Poverty
Advisory Hub

What's next?

Improved coordinación

1st Local Meeting Against the Heat

-> Space for exchange between local actors multilevel and multisector with experience in adaptation and mitigation of the effects of heat at the local level

Updated awareness raising actions

- New Heat Adaptation Workshops
- Expansion of the energy efficiency micro-measures kit with anti-heat elements
- Rehabilitatour

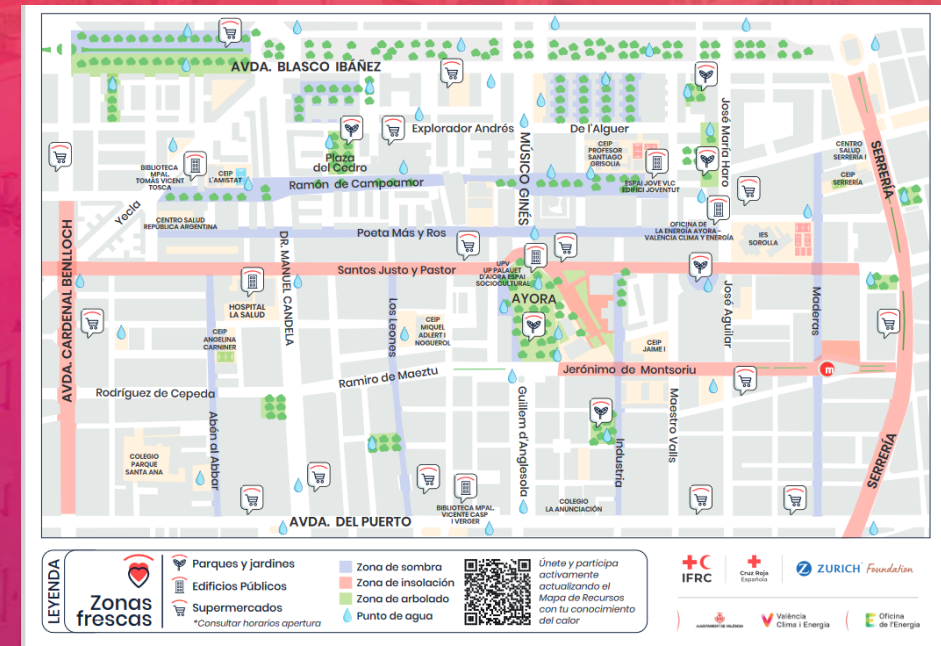

E Oficina
de l'Energia

New engagement and participation

- **Participatory mapping**
 - Strategies to cope with the heat in the Ayora neighbourhood
 - **3 mapping sessions in 2024** developed in the framework of existing collaboration processes as well as open to the public
 - Results will be shared with the neighbourhood

Multiplier effect

- Integration of heat into the Energy Poverty municipal action plan and others city planing documents

Propuesta de Plan de Acción 2023-2030

GOBERNANZA: Consolidación, coordinación, seguimiento, incidencia política

PREVENCIÓN: Para la ciudadanía: Formación, rehabilitación, refugio, empleo

CORRECCIÓN: Atención específica a población vulnerable: Formación, empleo, participación en energías renovables

URGENCIA: Ayudas de emergencia

24 medidas, 10 de ellas ya iniciadas.
